

EXPAND BOUNDARIES - EXPLORE FARTHER - EXPECT MORE

THE ARKTO CAMPER

Explore farther with the Arkto Camper, a multi-functional travel trailer designed to push the boundaries of traditional camping and take you off the beaten path.

The Arkto Camper is manufactured with off-road capabilities, including: axle-less independent off-road suspension, 32" all-terrain tires, 19" ground clearance, aluminum undercarriage protection, and an all composite body construction.

In addition to a uniquely functional outdoor kitchen, the camper also comes fully loaded with all of the typical options, as well as industry leading storage capacity for those looking to bring that extra bit of gear.

Designed to maximize functionality and comfort for both off-road and front country camping, the Arkto Camper allows you to rethink the way you explore nature!

Your next Adventure Awaits!
